New Stool Focus II

- All stools can be made to the new 'low height'.
- All stools supplied standard with backs fully upholstered
- Veneered backs available as an add-on price, stained to any colour.

- All stools on this page supplied standard with the new BCI 'Quickfit'[™] seat coupling system. Quickfit[™] allows the seat and back section, and the base, to be separated from the central column assembly with one simple action - no tools required!

Quickfit Seat Coupling

The Advantages of Quickfit[™] are tremendous for the ever changing hospitality industry:

- Reduced Freight costs both for initial supply and ongoing maintenance.
- Standard height stools can be changed to low height stools at anytime at a greatly reduced cost.
- Re-upholstery/ changeover tops/ changeover bases can be facilitated easily without taking the complete stools away from venue.
